

## **24/7 Camera Monitoring & Daily Reporting**

### **Scope of Service:**

- **24/7 Live Monitoring:** Continuous surveillance of the client's premises, with real-time monitoring of all cameras around the clock. This ensures that any suspicious activity is detected immediately.
- **Real-Time Alerts:** Our monitoring system will send instant alerts for any motion detection or unauthorized activity, allowing for quick responses.
- **Daily Reporting:** Comprehensive daily reports summarizing all relevant activities, incidents, or anomalies detected by the cameras during the day. This will be sent to the client at the end of each day for recordkeeping and review.
- **Advanced Cash Monitoring (Optional):** Integration with the client's **Point of Sale (POS) system** to monitor cash flow and detect discrepancies in real-time. Our team will actively monitor the cash handling process and provide daily cash reports that include:
  - Monitoring cash deposits, withdrawals, and register balance.
  - Cross-checking the cash register data with the POS system to ensure consistency and accuracy.
  - Reporting discrepancies and ensuring a clear check and balance system for daily cash handling.
